

Corporate Health and Safety Policy Statement

S-A-S Petroleum Technologies Inc. is committed to preventing occupational illness and injury in the workplace through the 'continual improvement' of its health and safety program.

As the Employer, *S-A-S Petroleum Technologies Inc.* takes full responsibility in providing and maintaining a safe and healthy work environment, in accordance with industry standards and in compliance with legislative requirements; and will strive to eliminate any foreseeable hazards which may result in property damage, accidents, or personal injury or illness.

Based on the 'Internal Responsibility System', the responsibility for health and safety is shared among all employees. Supervisors are responsible to ensure that safe and healthy work conditions are maintained within their specific areas and Workers are responsible to work safely by following legislated and Safe Work Procedures and/or Practices within our facilities and at our customers' sites.

Apart from being committed to preventing occupational illness and injury in the workplace, we share a moral obligation to protect health and promote safety in all areas of our lives – even outside the workplace. Therefore, I trust that all of you will join me in a personal commitment to make safety a way of life.
